19 August 1952

SUBJECT : Statutory Positions

1. Please note the attached staff study and return.

2. Pursuant to Mr. Wolf's instructions, I assume you and the Legislative Counsel will pick up the ball on preparing the necessary legislation for additional statutory positions and increases in salary for those which now exist. As I remember these instructions, the President has indicated he will support the Director in asking for the three Deputies at salaries of $16,000 per year and increasing the salaries of the Director and Deputy Director to $20,000 and $17,500 respectively.

3. Mr. Wolf also indicated that if the position of Director is occupied by an officer of the Armed Services, he should receive the rank, pay and allowance of a General and retire as a General.
